Spring Fever.

This is just the time when "Spring fever" makes a follow feel like emigrating, and the following enggestions are offered for its cure by a standard authority:

On rising, sponge the body lightly and quickly with cold water, briskly toweling after. It is but necessary that this be a long or laborious operation; the more rapidly the better, with sufficient friction to bring a glow to the skin. If you cannot secure time to go over the whole bodily surface, at least make it a point to daily sponge the trunk and arms. Rousing and stimulating the whole system, clearing and opening the pores, it imparts an indescribable freshness and exhilaration, amply repaying the effort. Rehabilated, you are now ready for your morning bitters, namely, the clear juice of a fresh lemon in a wineglass of water, without sugar. This is a bomb straight at the enemy, for a more potent solvent for bile is not in the materia medica. Searching out rheumatic tendency, attacking those insidious foes which are storing up anguish against our latter days—calculi—it pervades the system like a fine moral sense, rectifying incipient error. It is needful, perhaps, to incipient error. It is needful, perhaps, to in with two lemons daily, the second at night

A HINT TO DYSPEPTICS.—We have seen dyspeptics who suffered untold torments with almost swary kind of food. No liquid could be taken without suffering; bread became a burning soid; meat and milk were solid and liquid fires. acid; meat and milk were solid and liquid fires. We have seen these same sufferers trying to avoid food and drink, and then we have seen their torments pass away, and their hunger relieved by living upon the whites of eggs which had been boiled in hubbling water for thirty minutes. At the end of the week we have given the hard yolk of the egg, with the white, and upon this diet, without fluid of any kind, we have seen them begin to gain flesh and strength and refreshing sleep. After weeks of this treatment they have been able, with care, to begin upon food.—Medical Journal.

How to RAISE Mosquitors.—As the mosquito season is rapidly advancing, and the mode of propagating them may not be known to most of our citizens, we propose to give a few points for the benefit of all concerned. Get a few barrels, half benefit of all concerned. Get a few points for the barrels or tubs of half barrel capacity, fill with water as soon as possible, (the season is advancing, and the older the water the better,) and place them about the yard; by the first of June you may look out for a good crop. I need have no fears of the result of the experiment; they will come sure, provided you do not disturb the water vessels. If the barrels, half barrels or tubs are already supplied with rain-water from the caves or gutter spouts, so much the better for an early crop.—Raleigh Observer.

In view of the rise in flour, it is interesting to In view of the rise in flour, it is interesting to know how many loaves of bread of one pound each, a barrel of flour will make. The clerk of the market of Washington recently witnessed an experiment made by a number of bakers. Six different workers produced respectively 280, 276, 268, 262, 258, and 246 loaves. All of these were on a basis of 196 pounds of flour to the barrel. The quality of the bread produced depends largely on the quality of the flour and the skill of the baker. But in Washington the buyer gets a full pound of bread for six cents. Each loaf is stamped with the baker's name, and if a loaf is short weight, he has to pay a round penalty.

WINDOW SHADES.—The proper way of fastening window shades to rollers so they will roll up evenly without any hitch or help is as follows: Nail to the roller a narrow strip of muslin or holland, having it run from end to end in a line which shall be perfectly horizontal when the roller is in place. To this strip tack the shade with strong thread. With strips once well nailed on, there need naver be any trouble with window shades, no matter how often they may be taken off and tacked on again.

COLLODION IN ERYSIPELAS.-Collodian has COLLODION IN ENTSIPELAS.—Collodian has been used very successfully in arresting crysipelas by Dr. West. He has used the nitrate of silver first, on a lady, and having found that it did no good, he shaved her head and applied a thick coat of collodion over it, and for an inch over the healthy surface. The burning ceased almost instantly, and the disease ceased to spread. He also applied it to the case of a child of eight verys, and after three amplications it recovered. also applied it to the case of a child years, and after three applications it recovered entirely.—Scientific American.

WORTH KNOWING.—Every little while we read of some one who has stuck a rusty nail in his foot, or some portion of his person, and lock-jaw has resulted therefrom. All such wounds can be healed without any fatal consequences following them. The remedy is simple—it is only to smoke the wound, or bruise that is inflamed, with burned wool, or woolen cloth. Twenty minutes in the smoke of wool will take pain out tes in the smoke of wool will take pain out of the worst case of inflammation arising from a

CLEANING WALLS.-Walls that have been whitewashed and need cleaning, can be much mproved in looks by passing a soft brush broom sack and forth over the surface of the wall. To clean wall-paper—tie a small bag of bran over the brush end of a broom and pass it up and down over the wall. Shake up the contents of the bag occasionally, and remove the dust from the bag by brushing with a small brush broom.

SIMPLE REMEDY FOR RHEUMATISM.—Bathe the parts afflicted in water in which potatoes have been boiled, as hot as can be borne, just before going to bed; by the next morning the pain will be much relieved, if not removed. In acute rheumatism, when there is much fever, the per-sistent use of lemen juice for three days will have the best effect. Lemon juice has also cured other forms of rheumatism.

TO KERP GREEN VEGETABLES .- Green vegetables must be kept on damp stones, covered over with a damp cloth. Beet-roots, parsnips, carrots and potatoes are best kept in dry sand during the Winter. Never wash them until they are wanted for use. Onions should be tied up in bunches, and hung up. Bury parsley in a jar during the Winter, or dry it, by hauging it up in a warm room.

WHOOPING COUGH.-Use raw onions mashed Put them in a muslin sack and apply to the throat and chest warm. Change them when dry until the cough is loosened. Give syrup of ipecac every day, and keep the patient in an even temporature. A relapse may be treated in the same way. Mothers, do not forget this simple remedy, if you would save your child unnecessary suffering.

ONE of the best remedies for neuralgia we know of, is the oil of peppermint, applied to the afflicted part with a camel's hair brush. Do not get it into your eyes, it would be pretty severe; nor yet allow a child to find it, as it would act as a poison, taken internally. It will soothe pain almost instantly, and a few applications about the temples and the cords of the face, will, we doubt not, effect a cure.

UMBRELLAS.—If your umbrells be wet, do not unfurl it for the purpose of drying it more rapidly. If you do, the whalebones acquire a particular set which it is almost impossible to obviate; they become permanently bent, in consequence of the shrinking of the cloth while drying, and give the umbrella, when furled, a bungling and unseemly appearance.

NEVER go down into a well without first as-

certaining whether a candle or taper will burn in it; if it will not, throw in cold water; this ab-sorbs the poisonous gases; so if a person faints in a well, pour down the cold water; never mind wetting his clothes.

MANY very good people are annoyed with alcepiness in church. The following remedy is recommended: Lift the foot seven inches from the floor, and hold it in suspense without support for the limb, and repeat the remedy if the attack returns.

ASTHMA .- The following is for the relief of asthma: Gum ammoniac, one drachm; gum as-afestida and squills, of each half drachm; oil of cinnamon, six drops. Form into twenty-four pills with common syrup. Take twice a day.

Sour Stomack.—I know a person, writes a correspondent, who was in the habit of taking a teaspoonful of pine charcoal, pulverized, for sour stomach, and thought it an excellent remedy. It was taken mixed with sweet milk.

INFLAMMATORY RHEUMATISM.—It is asserted that this painful disease may be cured by bathing the parts affected with oil and saltpeter—jounce of pulverized saltpeter in j pint of the oil.

SPRIGS of wintergreen or ground ivy will drive away red ants; branches of worm will serve the same purpose for black ants.

REMOVING WARTS.—The juice of green bean leaves rubbed well into them, will, it is said, en-tirely remove them.

To cure a ringworm, paint it with iodine a few times, and it will entirely destroy every vestige of it.

Ir is said that nothing is more healing for a feeb wound than glue.

SIMMONS of Fever and Ague, the me REGULATOR SIMMONS LIVER REGULATOR

The Chapert, Perent, and Best Family Medicine in the World ! For DYSPEPSIA, CONSTIPATION, Jaundice, Billon attacks, SICK HEA DACHE, Colle, Depression of Spirits SOUR STOMACH, Heart Burn, &c., &c. This unrivalled Southern Remedy is warranted not to contain a single particle of MERCURY, or any injurious mineral substance, but is

PURELY VEGETABLE,

Containing those Southern Roots and Herbs, which an all-wise Providence has placed in countries where Liver Diseases most prevail. It will cure all Diseases caused by Bernagement of the Liver and Bowels.

THE SYMPTOMS of Liver Complaint are a bitter or bad taste in the mouth; Pain in the Eack, Sides or Joints, often mistaken for Rheumatism; Sour Stomach; Loss of Appetite; Bowels alternately costive and lax, Headache; Loss of memory, with a painful sensation of having failed to do something which ought to have been done; Bebility, Low Spiritis, a thick yellow appearance of the Skin and eyes, a dry Cough often mistaken for Consumption.

Sometimes many of these symptoms attend the disease, at others, very few; but the Liven, the largest organ in the body, is generally the seat of the disease, and if not Regulated in time, great suffering, wretchedness and BEATH will ensue.

I can recommend as an efficacious remedy for disease of the Liver, Heartburn and Dyspepsia, SIMMONS LIVER REGULATOR. LEWIS G. WUNDER, 1625 Moster Street, Assistant Postmaster, Philadelphia "We have tested its virtues, personally, and know that for Dyspepsia, Billionaness, and Throbbing Headache, it is the best medicine the world ever saw. We have tried forty other remedies before Simmons' Liver Regulator, but none of them gave us more than temporary relief; but the Regulator not only relieved, but cared us.—"Ed. Telegraph and Messenger, Macon, Ga.

nfactured only by J. H. ZEILIN & CO., MACON, GA., AND PHILADELPHIA. It contains four medical elements, never united in the same happy proportion in any other preparation, viz: a gentle Cathartie, a wonderful Tonic, an unexceptionable Alterative, and a certain Corrective of all impurities of the body. Such signal success has attended its use, that it is now regarded as the

EFFECTUAL SPECIFIC For all diseases of the Liver, Stomach and Spleen. As a Remedy in MALARIOUS FEVERS, BOWEL COMPLAINTS, DYS
PEPSIA, MENTAL DEPRESSION, RESTLESS.
NESS, JAUNDICE, NAUSEA, SICK HEADACHE, COLIC, CONSTIPATION and
BILIOUSNESS

IT HAS NO EQUAL. CAUTION

As there are a number of imitations offered to the public, we would caution the community to buy no Powders or Prepared SIMMONS' LIVER REGULATOR, unless in our engraved wrapper, with the trade mark, stamp and signature unbroken. None other is geauing J. H. ZEILIN & CO.,

Macon, Ga., and Philadelphia.

Your valuable medicine. Simmons' Liver Regulator, has saved me many Doctor's bills. I use it for everything it is recommended for and never knew it to fail. I have used it in Colic and Grubbs, with my nules and horses, giving them about half a bottle at a time. I have not lost one that I gave it to. You can recommend it to every one that has Stock as being the best medicine known for all complaints that horse-flesh is heir to.

2 Inov.—1y. Agent for Grangers of Green.

VEGETINE.

He Says it is True.

SENECA FALLS, Nov. 9, 1876.

Mn. H. R. STRVENS:

Dear Sir—As you are an entire stranger to me, I want you to know what VEGETINE has done for me. Only those who have been raised from death's door, can know the value of such a good medicine. I am 58 years of age. Three years ago I was taken sick with what the doctors called Lumbago. For weeks I was confined to my bed. I had three different physicians, without any help. I received no relief; I was a great sufferer; finally I became entirely helpless. The last doctor told me there was no help; he said he might possibly save my life by injecting morphine in my arms and legs. The encouragement for saving my life by having this done was so small a chance I could not consent to run the risk. About this time my son read your advertisement in our paper, a testimony of a person who had been very sick with about the same couplaint, and was cured. My son went right away to the apothecary store and bought a bottle of VEGETINE. Before I had used the first bottle I Sound great relief; I could move myself in bed. After taking three bottles I was able to sit up and move about my room. I continued taking the Vegetine and I was in few weeks restored. could move myself in bed. After taking three bottles I was able to sit up and move about my room. I continued taking the Vegetine, and I was in a few weeks restored to my former health. The VEGETINE saved my life after the physicians said there was no help for me. I have had no doctor since. If I feel unwell I take a dose of Vegetine, and I recommend it to my friends.

Your Vegetine ought to be in every family. My doctor was surprised to see me in good health. He says Vegetine is a good medicine. I tell him it cured me. He says, "It is true." I cannot feel too thankful.

Very gratefully yours.

Mrs. CATHERINE COONS.

Seneca Falls, Seneca County, N. Y.

VECETINE.

ALL DISEASES OF THE BLOOD. If Vegetine will ALL, DISEASES OF THE BLOOD. If Vegetine will relieve pain, cleanse, purify and cure such diseases, restoring the patient to perfect health after trying different physicians, many remedies, suffering for years, is it not conclusive proof, if you are a sufferer, you can be cured! Why is this medicine performing such great cures? It works in the blood, in the circulating fund. It can truly be called the Great Blood Purifier. The great source of disease originates in the blood; and no medicine that does not act directly upon it, to purify and renovate, has any just claim upon public attention.

VECETINE

WILL CURE

CANKER HUMOR. ECCKPORT, March 31, 1876.

MR. H. E. STEVENS:

Sir—Last Fall my husband got me two bottles of your Vegetine to take for the Canker Humor, which I have had in my stomach for several years. I took it, and the result was very satisfactory. I have taken a good many remedies for the Canker Humor, and none seemed to help me but VEGETINE. There is no doubt in my mind that every one suffering with Canker Humor can be cured by me but YEGETINE. There is no doubt in my mind that every one suffering with Canker Humor can be cured by taking Vegetine. It gave me a good appetite, and I felt better in every respect.

Yours respectfully.

Mrs. ELIZA ANN POOLE.

VECETINE.

NOTHING EQUAL TO IT. SOUTH SALEM, MASS., Nov. 14, 1876.

MR. H. R. STEVENS:

Dear Sir—I have been troubled with Scrofula, Canker and Liver Complaint for three years. Nothing ever did me any good until I commenced using the VEGETINE.

I am now getting along first rate, and still using the Vegetine. I consider there is nothing equal to it for such Can heartily recommend it to everybody, uly, Mrs. LIZZIE M. PACKARD, Yours truly, No. 16 Lagrange St., South Sale

Great Remedies!

Dr. JOHN BULL,

MANUFACTURER AND VENDER OF THE CRLEBRATED

FOR THE CURE OF

ACUE AND FEVER.

OR CHILLS AND PEVER.

The proprietor of this celebrated medicine justly claim for it a supe riority over all remedies ever offered to the public for the safe, certain, speedy and permanent cure of Ague and Fever, or Chills and Fever, whether of short of long standing. He refers to the entire Western and Southern country to bear him testimony to the truth of the assertion, that in no case whatever will it fail to cure if the directions are strictly followed and carried out. In a great many cases a single dose has been sufficient for a are, and whole families have been cured by a single bottle, with a perfect restoration of the general health. It s, however, prudent, and in every case more certain to cure, if its use is continued in smaller doses for a week or two after the disease has been checked, more especially in difficult and long standing cases. Usually this medieine will not require any aid to keep the bowels in good order. Should the patient, however, require a cathartic medicine, after having taken three or four doses of the Tonic, a single dose of Bull's Vegetable Family Pills will

BULL'S

SARSAPARILLA

Read the following extract of a letter from Mrs. Rivers wife of Rev. Dr. Ricers, one of the most learned, eloquent and popular Ministers of the Methodist Episcopal Churca, and who is at present stationed at Broadway Church. Louis ville, Ky .:

LOUISVILLE, KY., Oct. 8, 1869. Dr. John Bull-Dear Sir: Many thanks to you for the nedicine you have so kindly given me. I have been a great sufferer for years, and had the advice of various physicians. Some pronounced my spine, some my lungs and some my heart to be the seat of my disease. I have been burnt, blistered and cupped until I had become disheartened. Several very eminent physicians who examined my spine, informed me that I was threatened with paralysis or apoplexy any day, and that nothing but a seton would relieve me. I had a perfect horror of that, and was healtating about having one inserted, when you kindly sent me your Sarsaparilla, which I immediately begun to take three times a day. I had suffered terribly with a most acute pain in the right side of my head, or pecially when I would read or write for any length of time, and on rising to my feet I would be perfectly blind for several minutes, and would have to hold to somethi to prevent falling.

I am most happy to inform you that the pain in my head is entirely relieved; I suffer but seldom with my spine, and then not so acutely. My appetite is good indeed for the first time in my life I enjoy my dinner more than any meal during the day.

You kindly sent me four bottles again last night, and I began again this morning, and I hope to be entirely r lieved. Picase accept my heartfelt thanks and best wishes. Very truly your most grateful friend,

M. B. C. RIVERS.

My journal abounds with similar letters, all of which I guarantee to be genuine and written by the persons

whose names they bear. Do not suffer yourself to be imposed on. Don't b drawn away after new and doubtful experiments. Don't risk your health by letting novices experiment upon you

with their trash. My Sarsaparilla has stood the test for twenty-five years it is still the Sarsaparilla of the day, and of the age, towering over all others in popularity, and in its curative

Avoid all those who are trying to palm off on you other extracts of Sarasparilla so-called. Remember it is Dr John Bull's Sarsaparilla, of Louisville, Ky., that is the old and reliable remedy for impurities of the blood and scrofulous affections. Always bear that in mind.

ANOTHER TESTIMONY.

BENTON BARRACKS, Mo., April 30, 1866. Dr. John Bull-Dear Sir: Knowing the efficacy of your Sarmparilla, and the healing and beneficial qualities i es, I send you the following statement of my case I was wounded about two years ago, was taken prisone and confined for sixteen mouths. Being moved so ofter my wounds have not healed yet. I have not sat up a moment since I was wounded. I am shot through the bips. My general health is impaired, and I need something to assist nature ; I have more faith in your Sarsaparilla than anything else. I wish that which is genuine. Please express me half a dozen bottles, and oblige,

CAPT. C. P. JOHNSON,

P. S .- The following was written April 30th, 1866, by

Mrs. Jennie Johnson, mother of Capt. Johnson : Dr. John Bull-Dear Sir : My husband, Dr. C. S. Johnson, was a skillful surgeon and physician of Central New York, where he died, leaving the above C. P. Johnson to my care. At thirteen years of age he had a chronic diarrhora and scrofula, for which I gave your Sarssparilla. It cured him. I have for ten years recommended it to many in New York, Ohio and Iowa, for scrofula, fever sores, and general debility. Perfect success has attended it. The cures efected in some cases of scrafula and fever tores were almost miraculous. I am very anxious for my son to again have recourse to your Sarsaparilla. He is fearful of getting a spurious article, hence his writing to you for it. His wounds were terrible, but I believe he

Respectfully, JENNIE JOHNSON.

BULL'S

WORM DESTROYER.

EXTRACT FROM A LETTER FROM GEORGIA. VILLANOW, WALKER CO., GA., June 28. Dr. John Bull-Dear Sir: I have recently given your Worm Destroyer several trials, and find it wood efficacious. It has not failed in a single instance to have the wished for effect. I am doing a pretty large country

practice, and have daily use for some article of the kind.

I am, sir, respectfully, JULIUS P. CLEMENT, M. D.

P. S.-So unqualified and numerous are the tes in favor of my Worm Destroyer that newspaper space is entirely too small to tell its merits.

It is an infallible remedy for Worms. Try it and envinced. See my Journal for a more full description. JOHN BULL.

SMITH'S TONIC SYRUP Mason & Hamlin

CABINET ORGANS Unanimously assigned the

SEVERAL REQUISITES"

Of such Instruments! The MASON & HAMLIN ORGAN CO. have the honor to announce that the organs of their manufacture have been unanimously assigned "the FIRST RANK in the REVERAL REQUISITES of instruments of the class" by the Judges at the CENTENNIAL EXHIBITION at Philadelphia, 1876, and are the ONLY INSTRUMENTS OF THIS GENERAL CLASS AWARDED THIS RANK. This is after the severest competition by the best makers, before one of the most competent juries ever assembled. They have also received the MEDAL, but, as is well known, medals of equal merit have been awarded all articles deemed worthy of recognition; so that it will be easy for makers to advertise that they have received "first medals."

parative excedence, are recognised in the Reports of the Judges, from which the following is an extract:

"THE MASON & HAMLEN ORGAN CO.'S exhibit of Reed Organs and Harmonisms shows instruments of the FIRST RANK IN THE SEVERAL REQUISITES OF INSTRUMENTS OF THE CLASS, viz: Smoothness and equal distribution of tone, scope of expression, resonance and singing quality, freedom and quickness in action of keys and bellows, with thoroughness of workmanship, combined with simplicity of merion." (Signed by all the Judges.) The Mason & Hamlin Organs are this declared to rank first, not in one or two respects only, but in the SEVERAL EEQUISITES of such instruments, and they are the ONLY once assigned this rank. This triumph was not unexpected, for the Mason & Hamlin Cabinet Organs have uniformly been awarded the highest honors in competitions in America, there having been scarcely six exceptions in hundreds of competitions. They were awarded highest honors and FIRST MEDALS

Manhood: How Lost, How Restored Just published, a new edition of Br. Cul-ver well's Celebrated Essay on the radical cure (without medicine) of Springar General, or Seminal Weakness, Involuntary Seminal Losses, Involunce, det.; also, Consumption, ity. Impediments to Marriage, etc.; also, Consumption, Epillarest and Firs, induced by self-indulgence or sexual extravariance. Sc.

EFILITEST and FITS, induced by self-infulgence or sexual extravagance, &c.

[F] Price in a scaled envelope only six cents. The celebrated author, in this admirable essay, clearly demonstrates, from a thirty years successful practice, that the alarming consequences of self-abuse may be radically cured without the dangerous use of internal medicine or the application of the knife; pointing out a mode of cure at once simple, certain and effectual, by means of which every sufferer, no matter what his condition may be, may cure himself cheaply, privately, and radically.

[F] This lecture should be in the hands of every youth and every man in the land.

Seat, under seal, in a plain envelope, to any address, post-poid, on receipt of six cents or two post-stamps.

Address the publishers,

BOOTS
